

## High Performance Low Noise Design

- 1 Machine Frame
- 2 Flywheel
- 3 Clutch & Brake
- 4 Transmission Shaft
- 5 Main Gear
- 6 Counter Balancer
- 7 Crank Shaft
- 8 Slide Adjusting Screw
- 9 Hydraulic Overload Protection
- 10 Slide
- 11 Mechanical Slide Knock Out
- 12 Slide Plate
- 13 Bolster Plate

## High-Precision 6 Point Gibbing

Extra long guiding system to improve capability of off-center loading.  
The side force is absorbed directly by machine frame. The guiding system has good stability.
